6861 Old Waterloo Road
Apt. 1807
Elkridge, MD 21075

Please submit a current photo of yourself (preferably with your family). If you have pictures (copies) of any ancestors from your Leftwich line(s), please submit them with this application or bring them with you to share at the 2010 Reunion in Bedford, Virginia. If you can donate a copy of your picture(s) to the LHA, we could begin a collection for our archives and for later use.

Also, please help us gather Leftwich Family information for the database of Leftwich Family Lines. This database will not be published or put online. We would prefer digital (computer) files on a compact disk (CD), but will accept written documents (copies, not originals), or email transmissions. All data can be sent to George Leftwich (email address: GELVT64@aol.com, or postal address: 127 Hautz Way, Yorktown, VA 23693-2990), or you may bring your data to the reunion. If your family data is in digital form, here are the files that can be accepted into the Leftwich database (with the dot-file-type in parentheses): Personal Ancestral Files (.PAF), GEDCOM (.GED), Family Tree Maker (.FTW or .FBK), Master Genealogist (.PJC), or Legacy (.LEG or .FDB). If you do not have your family tree on a digital file medium, then please provide the information in writing (handwritten or printed hardcopy). Here's what we need: EVERYONE (you, your children, grandchildren, great-grandchildren, siblings, parents, grandparents, great-grandparents, and ancestors going back as far as you can go to Augustine Sr., including everyone's spouse, and *their* children). As much as is possible, please give the dates and places (city, county, state, and country if not in the USA) of all births, marriages, divorces, and deaths, and the burial place of each deceased individual. This is a huge task. BUT, once we have all Leftwich lines in the database, we will only need to update it with changes (births, marriages and deaths) every few months, or annually. If writing all of this down is too big an undertaking, then please give us at least a portion of your information (and add more information later).
